NAGOYA TOKYU HOTEL

Travel dialysis plan with kaiseki cuisine

Special hospitality for dialysis patients

Traveling for dialysis patients involves many concerns, such as coordination with facilities, schedule constraints, dietary restrictions, and interpretation.

We offer a one-stop package plan that combines peace of mind and comfort, with medical, accommodation, and cuisine professionals working together to overcome the hurdles of travel dialysis.

Sample image

Supervised by dietitians from Kaikoukai Healthcare Group, who have been involved in nutritional management for dialysis patients for

Delicious ways to reduce salt intake.

- ① Delicious even with a light flavor thanks to the dashi and sourness
- ② Tosa soy sauce made by adding dashi to reduced-salt soy sauce for a mellow flavor

40% less salt

Course contents (appetizer, soup, sashimi, simmered dish, meat dish, tempura, sushi:5 pieces, dessert)

Plan price

1 night with 2 meals (breakfast + special kaiseki cuisine) / 1 person
Including accommodation, dialysis treatment, interpretation services, etc.

From ¥150,000 (tax included)

From ¥150,000 (tax included)*about 996 US dollars (USD)
(Based on the exchange rate in August 2025)

*Payment must be made in advance.

*The price varies depending on the dialysis treatment, number of guests, and room type.

*If you are making a reservation for the first time, please contact us at least one month prior to your stay.

*Patients undergoing outpatient dialysis in Japan should contact us prior to making an appointment due to various insurance considerations.
